

## **AHA AGM 6 July 2017**

### 3.2 Vice-President's report

#### **Background to Journals list**

A sub-committee was formed within the AHA executive to explore a History journal list in response to a request from the Heads of History meeting in Sydney to do so. The subcommittee asked all heads of history to send through the journal lists their universities are currently using in order to establish what history journals were already on university lists. This draft list is a compilation of lists of history journals that some universities are apparently currently using on their 'quality' lists. It is not a ranked list, nor a comprehensive list, but one which some history journals are included deemed of 'quality'. There are many gaps and absences, which we are now seeking to fill. The next step is a ranked and a comprehensive list to be developed that is more complete. There is an opportunity for journals not included on this list to be sent to the subcommittee to be added to the list. A ERA list is also currently being developed and we will also look with interest at this list.
